EXPERIENTIAL HOLIDAYS

Discovering Fiji Islands

Fiji is blessed with 333 magnificent islands some inhabited, most not. Set in the tropical South Pacific, the Fiji islands are a vision of a tropical island paradise that's real. White sandy beaches, swaying coconut trees, pristine oceans and waterways are waiting to be explored, with things to see and do that appeal to all kinds of travellers.. Nestled in the middle of the Pacific Ocean, Fiji may seem far away, but getting here is easy. Many airlines have regular flights from many international destinations (Auckland, Christchurch, Brisbane, Melbourne, Sydney, Honolulu, Los Angeles, Vancouver and Hong Kong etc)

Northern Lights

Each appearance of the northern lights is unique. The lights come as flickering curtains or rolling smoke. The colour is a luminous green, often with a hint of pink along the edge, and occasionally with a deep violet centre. If there is a lot of activity up there, the northern lights explode for a minute or two in a corona. The next minute it is all over, and you ask yourself whether this was real or just an Arctic fata morgana. It is must visit for life time experience.

Regions such as central and southern Scandinavia and the north-central United States as well as Scotland also occasionally see the Northern Lights.

African Wild life

Africa is home to many of the world's best loved and most fascinating animals, as well as to some of its most endangered. Lots of people decide to visit Africa for their main interest to view the Best Wildlife. No other continent offers the same opportunities to see such diverse spectrum of wildlife often in very close proximity. Most people who safari in Africa hope to see the "BIG 5". The Big Five refers to five of Africa's greatest wild animals - Lion, Leopard, Elephant, Buffalo and Rhino. Experience best lodges of Kenya, Tanzania and Botswana with exclusive game drives with us!

Morocco

Desert, mountains, valleys and sea - the country has plenty to offer fans of the outdoors! The lakes are packed with trout waiting for amateur fishermen. The more sporty will want to tackle the challenges of the Middle and Upper Atlas mountains on foot, by mountain bike or in a paraglider, or to practice mountain climbing, canyoning or pot-holing.

Ifrane, the little Moroccan Switzerland, may come as a pleasant surprise with its summer coolness, winter snow and traditional "mule-ski" trails.

Bora Bora, the Romantic Island, Tahiti

The most beautiful island of Bora Bora, with a lagoon resembling an artist's palette of blues and greens, is love at first sight. Romantics from around the world have laid claim to this island where the castle-like Mount Otemanu pierces the sky. Lush tropical slopes and valleys blossom with hibiscus, while palm-covered motu circle the illuminated lagoon like a delicate necklace.

Croatia

A land whose rich cultural heritage is not discovered only from within the walls of numerous museums, galleries and churches, many of which today, as zero category monuments, are included in a part of the UNESCO World Heritage List, but much more in that magical place on the Mediterranean, where even the shortest stroll becomes a journey down a staircase thousands of years old which takes one through a history that is at the same time turbulent, exciting and glorious
